

Contribute to your progress for people with paralysis, spasticity or weakness

MOTOMed viva1, MOTOMed viva2, MOTOMed gracile, MOTOMed letto

The MOTOMed Therapy:

Passive (with motor power), assistive and active movement therapy:

- healthy and enjoyable
- whenever you want or need it
- as often and for as long as you like
- in a clinical setting or at home
- from the comfort of your chair or wheelchair

Important features on any MOTOMed model for an independent, safe and effective training:

- One touch operation
- Gentle motor with SmoothDriveSystem for tone reduction
- Reliable spasm detection (MovementProtector)
- SpasmControl with automatic direction change
- Electronic leg insertion aid
- ...
